

JADEPROTEC® MULTISHIELD PET.

Resource-saving fibre-based laminate, for highest density requirements

Food safe, outstanding barrier properties – grease, humidity, odours. Its barrier properties, a fibre free surface as well as high temperature stability make JadeProtec Multishield PET the allrounder for all packaging applications.

plastic reduction

Foodsafe

100% recyclable

Applications

Folding boxes, corrugated board, dividers, paper and board converting. Especially suitable for the packaging of industrial goods and as intermediate layer.
